Your Monthly Statement

You may view your student account at any time by visiting sfs.usc.edu and logging in to USCe_pay.

Each month, your billing statement is posted online if you have an outstanding balance or have activity on your student account during the month. Notifications are sent to your official USC email address and guest users.

If you preregister for fall classes, your tuition and fees will be included on your July billing statement. Housing, meal plan and parking charges are added to your student account as they are incurred.

University grants and scholarships are generally credited to your student account when tuition and fees are assessed, but federal aid cannot be credited until 10 days prior to the start of the term. Please contact Financial Aid at financialaid.usc.edu if you have questions about your scholarships or loans.

Student health insurance is mandatory unless waived. For more information, visit usc.edu/uphc. If you are not eligible to waive the student health insurance fee, add it to your estimated budget.
